# INNside The Samaritan Inn

We are a comprehensive homeless program that helps willing people gain dignity and independence.

Founded in 1984, The Samaritan Inn started as a 10-bed shelter for men. Currently, the Inn has three floors, one for single men, one for single women and a family floor. This makes The Samaritan Inn the largest homeless provider in Collin County and the only one serving single men over 25 years of age, single women, and families collectively.

In addition, we offer 18 months of transitional housing to successful graduates of our program at the Gateway Apartments.

The Samaritan Inn is on a journey of growth towards providing more quality services to an increasing homeless community.
